➤ BATHROOM ➤

Tools

- Rubber gloves
- Cleaning cloths, sponge, scrubbing brush
- Broom, mop, duster, trash bag, bucket
- Tile cleaner, limescale remover, toilet cleaner, glass detergent, disinfectant

Prepare

- Make sure you have all cleaning supplies
- Clear all surfaces, cabinets & drawers
- Sort items - to throw, to put away, to take to laundry
- Take a hot shower - it'll make the scrubbing easier

➤ PRE-CLEANING ➤

- Vents & fans - remove and wash the vent cover; let it dry and dust the fan; put back the cover
- Shower curtain - remove and wash the curtain and let it dry, or replace it with new one
- Dusting - start with the ceiling, move from top to bottom; clean cobwebs, dust surfaces and sweep the floor

➤ SHOWER, BATHTUB, TOILET, SINK ➤

- Spray - use a limescale detergent to spray critical areas (drains, faucets, etc.); pour toilet cleaner in the toilet and wait for detergents to work
- Wash - while waiting, wash the curtain liner & shower door
- Scrub - use a brush and abrasive sponge to scrub the bathtub, grout, toilet & sink
- Rinse & polish - rinse everything with warm water and polish using dry cloths

➤ CABINETS & DRAWERS ➤

- Wash - use an abrasive sponge and a cleaner to wash all cabinets and drawers - inside and out
- Disinfect - dampen a cleaning cloth using a disinfectant and go through the cabinets & drawers
- Polish - use a dry cloth to polish the surfaces inside and out

➤ TILES & FLOOR ➤

- Scrub - use a solution of water and detergent to scrub all tiles and the floor
- Rinse - rinse tiles & floor with warm water
- Disinfect - dampen a cleaning cloth using a disinfectant and go through the tiles & floor then rinse again
- Dry & Polish - use a dry cloth to polish the tiles and a mop for the floors

➤ FINISH UP! ➤

- Return all items to their spots
- Bring the spring to your bathroom - decorate with towels, art, accessories & plants
- Enjoy your clean bathroom!
